Driving forward...

In early 2012 discussions and proposals were put forward to make changes to the current steps required for new drivers to obtain their driver's license.

In the past new drivers in WA were only required to have 25 hours of supervised driving experience before sitting their practical assessment. A total number of 25 hours supervised driving experience was not seen to be sufficient, so in January 2013 the supervised element was increased by an additional 25 hours 'after' the practical driving test.

These challenges increased with the additional 25 hours of supervised driving experience now required. This situation has led Bassendean Youth Services to investigate the possibility of a volunteer driver mentor program in partnership with other agencies in the region.

It was recognised that making an increase from 25hrs to 120hrs (recommend amount) was not practical at this stage, however it is anticipated that the now current number of 50 hours supervised driving experience will eventually be increased.

Before these changes took place, obtaining a drivers licence was already a difficult process for some young people for a number of reasons including; financial barriers, lack of family/friend support, or lack of access to a safe vehicle to increase experience.

Internet cafe...

Bassendean Youth Services offers an internet and video gaming café at its Centre on the Cnr West and Guildford Rds (next to the skate park)

The café offers 12 internet connected computers which are free to use for young people ages 12 - 25 years, and the best thing is... its all free!

Even better... the whole Youth Centre and skate park have been set up as a free 'Internet Hotspot' for use after hours and on weekends!

Bassendean Youth Services

Bassendean Youth Services are situated underneath the McDonald Pavilion at Steel Blue Oval on the corner of West and Guildford Roads near the Skate Park.

The Youth Centre is open for young people to 'drop-in' between 3pm and 6pm Tuesday to Friday, and to 10pm on the first and third Fridays of the month. The Centre offers a broadband internet and computer game café, PS3s, band room, pool table, and movie projector.
